

Laundry Liquid

🕒 5 minutes

Makes 1.5kg

Make your own laundry liquid easily with this recipe. At 40 cents a wash it is friendly on your wallet, and using no toxic chemicals, it is friendly on your skin

Ingredients

75g soap flakes, or grated natural soap

75g washing soda

10mls eco liquid soap

1.8L of just boiled water

15 drops essential oil of choice (a combination of orange, lavender and eucalyptus oils makes a pleasant fragrance).

Method

1. Combine soap flakes, washing soda and liquid soap in a heat-proof bowl/saucepan.
2. Pour over the 1.8L of just boiled water and stir briefly.
3. Blitz with a kitchen whizz until all ingredients are dissolved.
4. Once cooled, transfer to bottles and fill them to 3/4 full. If the liquid sets too firm, simply add cold water to fill each bottle and shake to combine to achieve desired consistency.
